

Are You Looking For A Appliances Insurance Company?

Assuranty Nationwide is a leading insurance company, provide comprehensive cover for a range of Domestic Household Appliances.

Manchester, Feb 23, 2020 ([Issuewire.com](http://www.Issuewire.com)) - Assuranty National Limited is a London-based **appliances insurance** company of repute. The company offers credible and extensive **multi appliance break down cover** that covers all aspects of home appliances. The coverages and policies are all-inclusive and one of the most comprehensive in the UK market.

Some of the key ingredients of [appliances insurance](#) being offered by Assuranty National Limited are:

- offering **home appliance insurance** that cover almost all essential and costly appliances on the house. This include TV, plumbing and electrical systems like dishwashers, tumble dryers and washing machine. Included in the mix are fridge, freezers and fridge freezers amongst **many others**.
- offer attractive cover from breakdowns including mechanical and electrical collapses.
- offer [multi appliance break down cover](#) from accidents
- Limitless call outs per package.

- Affordably priced **appliance insurance**.
- All repairs covered under the insurance packages.
- Assured speedy recovery and repair.
- Use of modern tools for optimal services
- Qualified and well-trained engineers to handle repair jobs
- Unlimited number of claims for each appliance cover, within a specified policy period

One of the highest service points of the company is the guarantee of replacement in case their engineers and technicians are unable to repair the appliance. And this is done at no extra cost – inclusive in insurance charges. Assuranty National Limited even offers a £ 500 claim limit against each claim made by the policy holder.

Besides, the company is focused on introducing customer-centric insurance covers. While most companies in the industry look and assess the age of the appliance before the insurance cover is officially initiated, Assuranty has no such restriction. There are discounts when home owners register for **multi appliance breakdown covers**. The company has introduced some customer-friendly [home appliance insurance](#) packages in the recent times. At less than £24 per appliance, customers can get up to 8 appliances insured with Assuranty for a year. This works out to be a discount of almost 50% which is indeed impressive.

Good and economical packages do not mean that the company compromises on the quality of repairs and replacement services offered. From speedy repairs to having appliance examined and repaired by experienced and proficient engineers, there are enough reasons why customers across UK prefer to buy **home appliance insurance** from Assuranty.

A spokesperson from the company sums it up,” We offer attractive insurance coverage where customers can pay on annual, quarterly or monthly basis. We work towards providing complete peace of mind to our customers who trust us with their precious and invaluable appliances”.
