

BIOAYURVEDA Offers Luxurious Ayurveda Products from the Vault of Ayurveda

BIOAYURVEDA offers a wide range of Ayurvedic products for health and wellness. With understanding the importance of Ayurveda to counter the increasing adulteration of chemicals and distrustful products in the world

Delhi, Feb 27, 2020 (Issuewire.com) - Ayurvedic products market is growing rapidly all around the world. Ayurveda is a science and healthcare system of Ancient India that has been providing instructions to the generations for well-being. Ayurveda identifies and rectifies diseases after

understanding the body type of an individual. This system includes various protocols and treatments to identify and rectify health issues through herbs, plants, exercise, diet, and changes in lifestyle. It is fully developed and documented over thousands of years of testing by seekers and sages of ancient periods about the therapeutic benefits of plants, fruits, stems, roots, flowers, seeds, grains, spices, oils, leaves, minerals and other nutritional sources of nature.

“We are committed to providing the best of Ayurveda through our range of personal care and healthcare range. We are focused to develop innovative [Ayurvedic products](#) and spreading awareness among consumers.” CMD of BIOAYURVEDA introduces the offering.

BIOAYURVEDA’s personal care products are segmented into skin care, make-up, hair care, and baby products. This segmentation is the house of many exciting **Ayurvedic Beauty Products** as well as **Ayurvedic Body Care** products. Whereas the healthcare ranges comprise Ayurvedic nutraceuticals and dietary supplements. There are thousands of plants and herbs are being used in the preparation of products such as Indian Gum for oral care, wounds, and bleeding gums. Coriander to control spasmodic pain, indigestion, and flatulence. Holy Basil for heart diseases, respiratory diseases, and indigestion. Margosa Tree for leprosy, bloody nose, eye disorders, and intestinal worms. Garlic for ringworm, wounds, and dysentery. Winter Cherry for stress tolerance, joint pains, immunity and skin sores. Indian Laburnum for ulcers and wounds. Lesser Cardamom for dry cough, nausea, and vomiting. Betel nut for hyperlipidemia, obesity, diabetes and irregular menstruation. Bark Cinnamon is antibacterial and antiseptic. Indian Olibanum for headache, joint pains, and diabetes. Indian Gooseberry for constipation, antioxidant, anti-stress and fever. Licorice for digestive disorders, bronchitis, and ulcers. Sage Leaf Alangium for scorpion bite, snakebite, and dog bite. Apart from these, there are numerous herbs, which are used in the formulation of BIOAYURVEDA’s products.

“Our skin and personal care products are formulated with completely pure herbals and organic ingredients, and we ensure, No Sulphates, Paraben, Phthalates, Petrochemicals, Synthetic Cream Base, Alcohol, Petroleum Jelly and Not tested on Animals. All our products are 100% natural preservatives.” CMD ensures purity.

It has a wide range of beauty and skincare products. Some popular beauty products are like **Miracle Moisture Toning Face Cream** is formulated for nourishing hydration and lasting rejuvenation, clears the complexion and helps regain skin elasticity. **Pearl Sport Solar Defense Sunscreen Lotion (SPF 30)** is blended with pure pearl extracts, acts as a protective barrier against sun damage and premature aging.
