

Clean Air Dallas Pro Announces 24/7 Emergency Services for Dallas Air Duct Cleaning and Water Restoration

Clean Air Dallas Pro offers round the clock HVAC cleaning services and water damage restoration services to clients in and around Dallas, Texas.

Dallas, Feb 19, 2020 ([IssueWire.com](http://www.IssueWire.com)) - With an ever-increasing client base and more than a decade of experience in the [air conditioning duct cleaning Dallas](#) industry, Clean Air Dallas Pro is the go-to air duct cleaning and water restoration service for the residents of Dallas, Texas. Air condition ducts, air vents, heating, cooling, and ventilation together constitute the HVAC system in residential homes or commercial buildings. Such ducts gather dust and mold daily and require to be cleaned at least twice a year so as to maintain optimal performance. Cleaning air ducts is a tricky and time-consuming task but with the able assistance of a team of skilled professionals employed by Clean Air Dallas Pro, the same task becomes a walk in the park.

Clean air ducts are indispensable for a hygienic environment inside homes or commercial buildings like hospitals and nursing homes. One of the [best air duct cleaning Dallas](#) companies, the company offers numerous services apart from the cleaning of ducts. One such service is water damage restoration that aims to restore not only a client's water and plumbing system but also their peace of mind. Water damage restoration includes restoration of damaged walls or carpets, cleaning, sanitizing, and emergency extraction and dehumidification. The company can also monitor moisture content and provide a succinct assessment of the situation to help customers make better decisions.

Clean Air Dallas Pro services can be booked by calling on the 24/7 helpline number provided on the company's website. Ben Shalom, a senior employee of the company, clarified, "Our knowledgeable and courteous support staff takes detailed notes of any complaints and estimates a cost for the booked service or services. All projects or services are completed within the estimated cost range so as not to inconvenience the client. The technical crew responds promptly and professionally to all emergencies at the earliest and the company guarantees total satisfaction to its clients. Additional advice on maintenance and installation of new systems are also offered by the [commercial air duct cleaning Dallas TX](#) crew for no extra charges."

About the Company

Clean Air Dallas Pro is an air duct cleaning Dallas company that is trusted by a vast client base for its punctuality and proficiency.
