“We have ordered over 700 pounds of live crawfish for this event. As an upcoming restaurant and current caterer in Dallas, we have been winning taste buds with our specials, such as fish stew, salmon patties, jerked shrimp, oxtails and much more, yet this is the Cajun side of ownership we’re showing,” said John Wannamaker, Co-founder and Chef.

This event is rain or shine, no coolers, no tents and no animals. There will be games for kids, contests for adults, crawfish instructors and music. Tickets for food are necessary to participate. BYOB is allowed and encouraged.
