

Dime Bags Expands Lifestyle and Omerta Lines with New Products

Colorado Springs, Feb 10, 2020 ([Issuewire.com](https://www.issuewire.com)) - The Colorado-based provider of gear for the cannabis lifestyle, Dime Bags, announced three new additions to its product lines and will hit the market at the end of February. Two of these bags, the Computer Backsack and Festy Bound, will expand its lifestyle line for the second time this year. In addition, the Festy Bound-inspired Mini Molly will be joining their distinctive Omerta line of scent-proof bags.

The Computer Backsack brings design and function together to target the tech-savvy lifestyle enthusiast. The vertical rear-facing zipper and internal laptop straps create an easy-to-access office on the go. The integrated USB pocket allows instant connection to stored power blocks or storage devices. Equipped with adjustable, padded straps, and a discrete front-facing zippered pocket, the Computer Backsack provides versatile storage for the tech guru on the go.

The Festy Bound turns compact and light and caters it toward the everyday wanderer, containing an

internal organizer, a small front pocket, padded and adjustable shoulder straps, and a secret pocket for organization, allowing users to carry small items with minimal discomfort to the shoulders and back. Containing Dime Bags' signature Velcro logo and heavy-duty zippers, the Festy Bound is available in colors including _____.

The Mini Molly combines Omerta's carbon-filter technology with the Festy Bound design for discrete scent-free transport. Designed with a dual-layered zipper, carbon-lining, and padded, adjustable shoulder straps, the Mini Molly contains the Omerta signature locking system, allowing individuals to travel in secure confidentiality.

About Dime Bags

Dime Bags got its start in 2007 under Tim Morrissey founder of one of the cannabis space's largest distribution companies, Head Choice Inc. The company is known for its line of durable and environmentally conscious products, and the development of its signature material, hempster, a blend of hemp and recycled cotton. Today Dime Bag carries three lines of products, its original protective line, the lifestyle line, and the newest addition, the scent-proof Omerta line of products with its distinctive black and red design. Through its Patches With A Purpose line initiative, it has partnered with Autism Climbs and Athletes For Care. This initiative delivers 100% of the profits of specialized patches dedicated to raising awareness and education about autism and health issues faced by athletes.
