

drixr - Social Network Platform

What is the best social network site in 2020?

London, Feb 13, 2020 (Issuewire.com) - Sure, there's Facebook, YouTube, and Instagram – but are there other social media sites worth using to grow your business?

In short: yes.

We are turning our attention to the rapidly expanding "**drixr**" - a new [social networking platform](#)

The website is popular amongst users who share photos, posts, and stories.

..and with a Follow System, you can easily find and connect with new people.

Grow your business using Pages and paid advertising options.

You can also earn your own money via the platform while referring your friends to [dixr](#)

There's a space for you, sign up and discover new features. It's free! <https://dixr.com>
