

MB Stone Care Aims to Open Distributor and Wholesale Opportunities in Asia

MB Stone Care is a name known around the world for its quality products and the ability to find solutions to natural stone problems confronting homeowners and tradespeople alike, is expanding it's market share in Asia.

Singapore, Feb 21, 2020 ([Issuewire.com](http://www.Issuewire.com)) - Since 1989, [MB Stone Care](#) has been making fine specialty products for cleaning marble, travertine, granite, limestone and any other natural stone. Most importantly, they always deliver... **"education before any sale"**. They sell premium stone care &

supplies including stone care kits, cleaners, sealers & other stone care products.

Product Range

Bath & Shower Care - Highly effective bath & shower stone solutions were specifically formulated to address issues caused by soap, moisture, mold & mildew that are common in most bathrooms. The products were built by stone experts to restore the shine of your stone, leaving a streak-free surface that preserves the natural finish of your stone.

Sealing & Color Enhancing - Designed to create a protective barrier around your stone, their products help the surface resist stains while preserving the natural color of the stone. Each product has unique properties that work together to ensure the longevity of your countertops, flooring, and walls.

Etch & Stain Removers - Hard to remove stains are no match for our catalog of stone care products designed specifically for the toughest marks & etches your stone surfaces may encounter. From touch-ups to removers, these are the products trusted by the pros to restore stone surfaces.

Floor Care - Cleaning your stone floor is no longer a hassle with products from MB Stone Care. This line was formulated to remove the toughest soils from stone, tile & grout. Many of their solutions act as aides in preventing natural stones from “drying out”, preserving the richness and color of the stone finish.

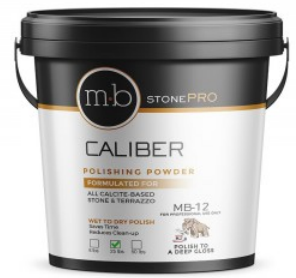

Countertop Care - Restore, protect & clean your natural stone countertops with this handcrafted line of MB Stone Care Products. While maintaining stone countertops during your busy day may seem like a hassle, these products make it quick and easy to clean your natural stone surfaces.

Polish - Nothing beats that reflective shine and luster that beams from natural stone. Their stone experts developed a collection of polishing products for every need, from drill attachments and pads to powders and sprays; They have the right solution to enhance the natural beauty of your stone.

In their efforts to improve and expansion, they are now actively seeking new Distributors, Wholesalers, Bulk Purchase in Asia. [MB Stone Care](#) Authorized Wholesale Distributors will be provided exclusive premium benefits:
