

Media Companies Unite to Form Production Superteam for Female Lead Indie Superhero Feature “JESSICA FROST”.

For Immediate Release

Los Angeles, Feb 25, 2020 ([Issuewire.com](http://www.Issuewire.com)) - Jackfruit Studios and Buffalo 8 Productions (a sister company of BondIt Media Capital) are now partnered to collaborate on bringing the anticipated sci-fi heroine feature film, “Jessica Frost”, to life. Executive Producers include Matthew Helderman and Luke Taylor, co-founders of [Buffalo 8](http://www.Buffalo8.com) and [BondIt Media Capital](http://www.BondItMediaCapital.com) (Midway, Bel Canto), Grady Craig of BondIt’s finance team, Jordan Garrett of Buffalo 8’s production team, and Runar Berntsen of Jackfruit Studios, who will be leading Principal Photography/Post-Production. The trio of companies aims to shake up the world of superhero films. This is exciting news for the year of 2020 as “Jessica Frost” is not your typical female protagonist. Director Runar Berntsen intends to redefine how protagonists are portrayed on screen, noting, “[JESSICA FROST is a unique, alluring and powerful story, inter-weaved with a colorful world of fun, crazy characters and packed with action. We are thrilled to be working in unison with Buffalo 8 Productions in making this film come to life]”. The feature-length film is the co-creation of Runar Berntsen’s and Cristo M. Sanchez’s, originally written by Cristo M. Sanchez.

Assistant Producer Giovanti V. Walton via Jackfruit Studios is assigned as the point of contact for Press inquiries, Solicitations, and the like. If you wish to contact Jackfruit Studios for further details, please contact us via jf.gio@jackfruitstudios.com.
