

Nirmalya Banerjee, MD, MHA, MBA, an Oncologist with Pharma Consulting Solutions, LLC

Get to know Oncologist Dr. Nirmalya Banerjee, who consults with pharma in Lithia, Florida.

New York City, Feb 19, 2020 ([Issuewire.com](https://www.issuewire.com)) - Licensed to practice in Illinois and New York, Dr. Banerjee is an oncologist who serves as the Senior Medical Affairs Consultant & Drug Safety Physician Advisor at Pharma Consulting Solutions, LLC in Lithia, Florida. Some of his duties include reviewing and approving clinical sections in clinical trial applications and investigational new drug applications along with oversight of CROs.

Pharma Consulting Solutions, LLC was founded in 2008 by Susan Augello-Vaisey, providing contract and consulting medical affairs and clinical research services to specialty pharmaceutical companies. Quickly, the organization expanded services and added consultants in varying disciplines, offering clients access to collectively over 100 years of pharmaceutical experience.

In the medical science liaison field, Dr. Banerjee has conducted presentations throughout his career to key opinion leaders, PBMs, clinical pathway companies, and payers. He has extensive knowledge in US policy on medical liaisons, off-label requests, and product promotion. He provides support for regulatory meetings and filings, medical review of advertising, and promotional materials. He conducts health hazard assessments and safety evaluations on finished products, reviews adverse event coding, and approves expedited reports to FDA and international regulatory agencies. He also routinely assesses seriousness and clinical significance for expedited reports and periodic reports.

After earning his Bachelor of Science degree in Biology and Chemistry from Southern University in Baton Rouge, Louisiana, Dr. Banerjee obtained his medical degree from the Central American Health Sciences University in Belize. He finished his medical training at the University of Illinois School of Medicine and continued his formal education, obtaining a Master of Health Services Administration degree from St. Joseph's College in Maine and a Master of Business Administration degree in Pharmaceutical and Health Management from St Joseph's University in Pennsylvania.

The doctor has a broad background in clinical research conducting Phase I-IV studies in oncology, immunology, and neurology. He has managed studies both as a Principle Investigator and as a Medical Monitor.

In order to stay up to date in his field, he remains a member of the American Medical Student Association, the Medical Science Liaison, the American Cancer Society, and COLA Inc.

Oncology is a branch of medicine that deals with the prevention, diagnosis, and treatment of cancer. A medical professional who practices oncology is an oncologist. An oncologist is a doctor who treats cancer and provides medical care for a person diagnosed with cancer. They lead a cancer treatment team of various healthcare professionals, treat patients with radiation therapy, coordinate treatment plans and prescribe various types of treatment, including chemotherapy and immunotherapy, as well as assist patients with pain management.

In addition to English, Dr. Banerjee speaks Hindi, Bengali, Spanish, and French.
