

Suspense Author Mark Tullius Releases New Interactive Novel - Try Not to Die: In Brightside

Los Angeles, Feb 13, 2020 (Issuewire.com) - Suspense Author Mark Tullius Releases New Interactive Novel - Try Not to Die: In Brightside

Author Mark Tullius is pleased to announce the release of his suspense novel, Try Not to Die: In Brightside. Scheduled for released on February 18, 2020 by Vincere Press, the book is already receiving rave reviews from readers and reviewers.

More than two dozen ways to die.

Just one correct path.

Do you have what it takes to survive?

Brightside is a beautiful mountain town blanketed by snow. Towering fences create a stark contrast to the serenity that appears on the surface. Your only crime is telepathy, yet your stay here is permanent. Your fate has been determined by society's fears.

The outlook is bleak unless you manage to become part of the escape that's about to go down.

Watch your back, choose wisely, and be careful who you trust.

Good luck getting out of Brightside in this interactive novel.
