

A "Dog Owner" Loses The Plot!!

London, Mar 17, 2020 (Issuewire.com) - How many of you knew that a teddy bear can shit and pee, and even clean his self up? Hahahahaha I bet you didn't. So Doctor Troller is seen with a toy pet dog strolling and suddenly, Doctor Troller gets really mad with the dog because the dog wants to Pee.

Can you imagine that? Now he starts to scold the dog and starts to toss it around and people are wondering if it is really a real dog or a pet toy. On the other hand, some others are wondering if the handsome well-dressed man is mentally stable or if he needs the help of a real medical doctor.

It didn't end there, he now pulls out some sheets of baby wipes to clean up his poor dog while quarrelling with the dog on why it didn't shit in the house but chose to embarrass him outside. So no matter how serious you are, you can't help but look in amazement and awe as to decipher what exactly is going on.

Terry the Dog is such a naughty fellow and Doctor Troller is not having any of the misbehaviours this time around. Terry must behave well.
