Alan Ira E. Uliss, MD, an Ophthalmologist with Forest Hills Retinal Diagnostic Center

Get to know Ophthalmologist Dr. Alan Ira E. Uliss, who serves patients in Forest Hills, New York.

New York City, Mar 10, 2020 (Issuewire.com**)** - Dr. Uliss is a highly trained and experienced ophthalmologist who strives to provide patients with the highest quality of care for their retinal conditions such as diabetic retinopathy and macular degeneration. In practice since 1985, he practices alongside Dr. Steven R. Leff at Forest Hills Retinal Diagnostic Center in Forest Hills, New York.

Forest Hills Retinal Diagnostic Center is a premier ophthalmology practice specializing in comprehensive medical care for all disorders of the retina, macula, and vitreous. The doctors, together with their staff, combine the latest technology and state-of-the-art care with warm and personalized attention to patients. They have a strong commitment to superior quality eye care with an emphasis on convenience and comfort.

Throughout his medical career, Dr. Uliss has authored several articles that have been published in industry journals. He has also attained membership status with the New York State Ophthalmological Society, the American Academy of Ophthalmology, the Oxford Ophthalmological Congress, the New York Society for Clinical Ophthalmology, the Bronx County Medical Society, the American Society of Retina Specialists, and the Medical Society of the State of New York/Queens County Medical Society.

After earning his bachelor's degree from Yeshiva University in 1976, Dr. Uliss went on to obtain his medical degree from Albert Einstein College of Medicine in 1980. This was followed by an internship in internal medicine and a residency in ophthalmology at Montefiore Medical Center.

Dedicated to furthering his training, he also completed a fellowship in medical retina at Moorfields Eye Hospital/Institute of Ophthalmology in London, England. He subsequently returned to Montefiore Medical Center as Director of the Retina Service within the Department of Ophthalmology.

The doctor is board-certified in ophthalmology by the American Board of Ophthalmology, which is an independent, non-profit organization responsible for certifying ophthalmologists in the United States of America.

Ophthalmology is a branch of medicine and surgery, which deals with the diagnosis and treatment of eye disorders. Ophthalmologists are experts in the diseases, functions, and anatomy of the eye. They may provide routine care such as vision testing, as well as prescribe and fit eyeglasses or contact lenses. However, ophthalmologists are also surgeons. They repair traumatic injuries to the eye and perform cataract, glaucoma, and corneal surgery.
