

Amid COVID-19 Crisis, IndSoft Cloud pledges S\$ 5M Cloud Credit Assistance for Singapore SMEs

IndSoft.net Cloud is committed to supporting such small and medium enterprises during these difficult times has launched Free Cloud Credit Program.

Singapore, Mar 8, 2020 ([Issuewire.com](https://www.issuewire.com)) - As the COVID-19 virus outbreak rattles global economy, disrupts supply chains, companies across every industry are confronting a stark reality: Business will not go on as usual. Small and medium business enterprises, with their limited resources, have been the worst affected. While some choose to close their operations completely, few choose to operate with severe restrictions. Uncertainty environment has prompted consumers to delay their investment plans, further worsening the situation.

IndSoft.net Cloud is committed to supporting such small and medium enterprises during these difficult times has launched Free Cloud Credit Program. With Cloud Credits SMEs can buy a host of services like Cloud, Web Hosting Plans and Email Solution + Productivity Tools costing between \$ 100 — \$ 200 currently. For a similar service, customers abroad pay over \$ 350. Today we are taking the bold step of giving these solutions for Free, as our commitment to Spirit of Singapore Entrepreneurship “stated Murphy John from IndSoft.net

To qualify for this limited time Offer, Business needs to fulfill the following criterion:

1. The business should be registered in Singapore
2. The company turnover should not exceed over 1 Million
3. Should be in business for a minimum of 2 years

How to get these services:

1. You need to visit the website: <http://indsoft.net/smesupport.html>
