

Brandon Dante Launches Heart Surgery GoFundMe Campaign for CB

The family's beloved CB is in desperate need of open heart surgery. You can assist with a simple donation as little as \$1, a small amount adds up to a big difference.

Heart Surgery for Our Sweet CB

San Rafael, Mar 16, 2020 ([Issuewire.com](https://www.issuewire.com)) - Brandon Dante has organized a GoFundMe campaign requesting the public's assistance. The family's beloved CB is in desperate need of open-heart surgery. You can assist with a simple donation as little as \$1, a small amount adds up to a big difference.

Brandon and his family deeply love their sweet CB. She brings so much joy and love to their lives and is an integral member of their family!

Unfortunately, she's suffered from her heart condition for a while, but recently the doctors told them that she needs a life-saving surgery within the next year to fix her degenerative mitral valve disease.

The surgery is long and expensive and is only performed in 2 places in the whole world: Japan & Florida. The doctor, Japanese cardiologist Masami Uechi, DVM, has had success with this procedure and has started training other vets at the University of Florida College of Veterinary Medicine.

They'll start doing the procedure there in June and we've been able to get on the waitlist, but we need help raising the funds.

Every single dollar will go towards her surgery which has been estimated to cost between \$40,000-\$55,000.

Please support Brandon and CB today on GoFundMe at <https://www.gofundme.com/f/surgery-for-our-sweet-cb>
