

CanvasChamp Launches 3 New Personalized Gifts Amid Coronavirus

Coronavirus has made it impossible to enjoy this weather amidst the orders of shutdowns. Hence, these are the times you should treasure the moments you have spent with your loved ones by gifting them personalized gifts from the comfort of your home.

Toronto, Mar 18, 2020 (Issuewire.com) - CanvasChamp's new collection of three customized gifts are the showstoppers of such times amidst the coronavirus fears. Every variety makes sure to warm the heart of your loved ones. Since they are engraved expertly, take the occasion of gifting to a whole new level.

To be thoughtful while gifting is easy, but adding a personal touch that will awe and inspire is a little bit tough. CanvasChamp is introducing photo gifts that can infuse both warming qualities and practicality. Personalized photo mugs, photo puzzles, canvas prints, acrylic prints, etc., are all here ready to help you send over to your beloved people as a perfect token of memories.

Talking about the new updated personalized gifts collection, here are the three most awaiting photo gifts

that were on demand by the customers:

[Canvas Prints](#): Send love to your family and friends by printing moments experienced together on canvas prints. The photos on canvas will help personalize the home and also decorate any space in a contemporary way. Customize from 8" x 8" to 54" x 54" and get to add a custom caption as well.

[Acrylic Photo Blocks](#): Showing happy moments on a one-inch thick acrylic block would be the best gift sent out to your friends and loved ones. Let them know that despite this lockdown, you still remember them. Polished edges of this block with refracting light will illuminate your photo printed inside on a photographic paper.

[Photo Puzzles](#): With shutdowns happening everywhere, you'll finally get to spend more time with your family. Hence, get your favourite photos printed on photo puzzles available in up to 6-pieces to a 1000-pieces structure. Garnish the same or a different picture on the tin box that carries the photo puzzles.

These gifts are not only beautiful to look at, but they also come with a promising range of customization and low prices. Photo gifts from CanvasChamp can immediately perk up a smile on your loved one's face as each gift is distinctive. Depending upon what you conceptualize and design, it will evoke from within and makes sure to reach out to their heart wondrously.
