

Claudio Loffreda-Mancinelli, MD, MMM, an Anesthesiologist with Keystone Anesthesia Consultants, Ltd

Get to know Anesthesiologist Dr. Claudio Loffreda-Mancinelli, who serves patients in Washington, Pennsylvania.

New York City, Mar 17, 2020 ([IssueWire.com](http://www.IssueWire.com)) - Dr. Loffreda-Mancinelli is a board-certified anesthesiologist who can be found on staff at Keystone Anesthesia Consultants, Ltd in Washington, Pennsylvania.

Keystone Anesthesia Consultants, Ltd is a leading specialty anesthesia and perioperative management company in the Pittsburgh region. Owned and operated since 1984 by a group of board-certified anesthesiologists, Keystone is committed to providing safe, comprehensive, and cost-effective anesthesia and interventional pain management services to patients and partner facilities. Keystone follows a care-team model that is dedicated to optimizing quality, safety, and the overall patient experience. The goal is to deliver industry-leading healthcare solutions that achieve superior clinical outcomes and optimize resource utilization.

Alongside his clinical role, Dr. Loffreda-Mancinelli serves as the Chief Quality Officer at Washington Healthcare Strategies, which is a healthcare consulting company located in Pittsburgh, Pennsylvania with over 20 years of combined service.

The doctor is board-certified in anesthesiology by the American Board of Anesthesiology, whose mission is to advance the highest standards of the practice of anesthesiology. Moreover, he is a Fellow of the American College of Medical Quality and a Member of Trustees of the American College of Medical Quality.

A graduate of The Sapienza University of Rome, Dr. Loffreda-Mancinelli went to complete his residency in anesthesia and critical care medicine at the Catholic University in Rome. Upon relocating to the United States, he completed an additional residency in anesthesia at the University of Pittsburgh, followed by a fellowship in obstetric anesthesia at the same educational venue. He also holds a Master of Medical Management degree from Carnegie Mellon University.

Anesthesiology is the medical specialty concerned with the total perioperative care of patients before, during, and after surgery. It encompasses anesthesia, intensive care medicine, critical emergency medicine, and pain medicine. Anesthesiologists have the primary responsibility of monitoring the patient's vital signs during surgery. In addition to basic measurements such as pulse, blood pressure and temperature, anesthesiologists also measure the patient's respiration.

As an expert in quality in healthcare, Dr. Loffreda-Mancinelli has been a guest speaker both nationally and internationally. He is also the author of numerous lectures, publications, and presentations.
