Claxy Light Fixture Company is offering a "Trade Program and Hospitality Program." The programs are beneficial for professionals who are working on Residential Projects and Hospitality Industry.

Santa Clara, Mar 3, 2020 ([Issuewire.com](http://www.Issuewire.com)) - *Claxy Light Fixture Company is offering a "Trade Program and Hospitality Program." The programs are beneficial for professionals who are working on Residential Projects and Hospitality Industry.*

Lighting fixtures are one of the most important elements for interior designs. In addition to illuminated a living space, indoor lighting also provides certain accents and moods that beautify the room. The use of certain colors for interiors makes the room turn cozy and feel safer for its users. One of the light fixtures companies "Claxy", is offering a profitable partnership with trade professionals for residential projects and professionals who are working in the hospitality industry.

As a leading interior light fixture specialist, "Claxy" opens up opportunities for professionals working on Residential Projects and Hospitality Industry. Claxy is offering this special program on the recent promotion "Trade Program and Hospitality Program". Trade Professionals working on residential projects such as interior designers, architects, builders, and contractors are eligible to join this program. Claxy's Trade Program provides all orders with access to trade specials and same-day shipping privileges.

Meanwhile, professionals working on hospitality projects such as hotels, restaurants, office spaces, and resorts can join Claxy's Hospitality Program. Claxy strives to provide excellent services for designers, architects, specifiers, purchasing agents, and distributors for hospitality projects. Their professional team is able to create exceptional light fixtures based on the client's requirements, as well as working on the project with perfection for customers' satisfaction. Claxy has been delivered extensive and unique indoor and outdoor lighting for clients since 2010. Claxy's team works consists of highly qualified, knowledgeable, experienced, and professionals in this industry.
