

Coronavirus Testing Kits Commercialized

Covid-19 now to be tested in rapid format of 5 minutes for screening, and in ELISA and Real Time PCR for confirmatory testing

Mumbai, Mar 23, 2020 ([Issuewire.com](http://www.Issuewire.com)) - KRISHGEN BIOSYSTEMS brings Coronavirus Testing in different formats for quick screening and confirmatory testing.

KRISHGEN, today announced that, as on March 23, 2020, it entered into a Transfer Technology License and Commercialization Agreement with Genuine Biosystem Pvt Ltd, Chennai, India for the

Coronavirus testing kits. Krishgen will in turn have worldwide distribution and commercialization rights to this product line for use in clinical markets.

The technology developed and validated by KRISHGEN and transferred for manufacturing involves the real time PCR kits (developed as per CDC Atlanta, USA guidelines), the only product worldwide for quality screening of patient using antigen ELISA format and the rapid antibody testing format.

[SARS-CoV-2 \(Covid-19\) Real Time \(RT-qPCR\) detection kit](#)
[Genlisa™ SARS-CoV-2 \(Covid-19\) Antigen ELISA kit](#)
[Genlisa™ Anti-SARS-CoV-2 \(Covid-19\) IgG-IgM Rapid Test](#)

All these products have been CE marked by the manufacturer for use in the clinical market. Its manufacturing partner has been granted testing license from CDSCO, India for pass-through validation of these products to market.

"Krishgen is uniquely positioned to provide life sciences products to researcher and pharmaceutical companies worldwide. We continue to deliver on our promise to bring the best technologies and products."
