Get to know Chiropractor Dr. Daniel Sovetky, who serves patients in Los Angeles, California.

New York City, Mar 5, 2020 ([Issuewire.com](https://www.issuewire.com)) - With a passion for the field of chiropractic and an unwavering commitment to his specialty, Dr. Sovetky is the owner of Sovetky Chiropractic in Los Angeles, California. Serving Granada Hills and the surrounding communities in California, he uses chiropractic care to improve the health and wellness in all areas of patients' lives, whether they are having problems with back pain or neck pain, or just want to start feeling better when they wake up in the morning.

The doctor takes a “whole person” approach in chiropractic care, which means looking for the underlying causes of disease, discomfort, and pain, as opposed to just treating the symptoms. He has years of training, expertise and experience in helping patients get pain relief for back pain, neck pain, headaches, and other related conditions originating from the spine. Some of the services that he offers include chiropractic care, corrective exercises, lifestyle advice, nutritional counseling, as well as spinal and postural screenings.

Many seemingly unrelated symptoms often arise from imbalances in the spinal column, and Dr. Sovetky will be able to determine the root of the pain and create a personalized chiropractic and wellness plan to suit each patient’s individual needs.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients’ health concerns, including neck pain and back pain. They aim to improve patients’ functionality and quality of life by properly aligning the body’s musculoskeletal structure and enabling the body to heal itself without the use of medication or surgery.
