

Doctor Troller: Holistic Entertainer, Comedian, Crazy Dude All in One.

London, Mar 17, 2020 (Issuewire.com) - DOCTOR TROLLER

Doctor Troller is a successful comedian that assumes different characters, ranging from a wealthy Arabian Monarch to a sales representative, Sugar Daddy, and a lot more characters. He is very versatile and plays any character perfectly well.

As much as his comedy skits have to do with meeting real people, and having a one on one conversation with them, he makes sure that he does it professionally so that he does not annoy or insult an individual. The most an individual will feel is a great sense of astonishment which is what makes the joke worth the while by viewers. Some also feel the fun of goofing around with a free soul because every day must not be so serious as if there was a fight going on around.

Doctor Troller is a handsome looking gentleman that can attract the attention of whoever he is talking to, his jokes and hilarious gestures are always unexpected and he serves them hot just like the Sun. Most times his targets are mostly beautiful looking young ladies and sometimes older men. And as it always goes down, they get attracted either to his handsomeness, innocence, his affluence or even all of the above, but soon afterward, they are taken unaware by either what Doctor Troller says or does and guess what, Doctor Troller doesn't care!

One more thing, pray that Doctor troller doesn't fall in love with you because if he does, he is going to stalk you like a monitor Lizard wherever you may be. So basically, he is versatile as earlier mentioned,

he assumes different personalities at different times and plays the role like he was born to do that.

What you will feel is a holistic entertainer, comedian and crazy dude all in one person, watching him can make you forget your worries and live some moments of your life as a happy human being.
