

Eagle Rock Excavating, Arizona's Choice for Commercial Paving & Sealing Needs

Tucson, Mar 26, 2020 ([Issuewire.com](https://www.issuewire.com)) - Eagle Rock Excavating is an exceptional paving and sealing company that puts their clients first and profit second. Eagle Rock leads in the paving business with experts that have 70 years of collective experience in doing commercial, residential, subdivision and retail property development. They are a solutions-driven organization that gives you personalized options when it comes to paving, seal coating and excavating.

Eagle Rock's professional crew of pavers and sealers will make sure the job is done right. They'll take extra strides that most other companies will neglect or ignore when it comes to your project. This will greatly improve the quality and longevity of your pavement, regardless of the weather conditions and day to day use that you will put it through.

Alongside this, their affiliate companies landscaping, vertical commercial building development and retail tenant improvements. They are affiliated with Canyon Building & Design, a Tucson company that has built a reputation for providing smart, quality construction that compliments the beauty of the Sonoran Desert. They also ease the most difficult process of paving: Project Permitting.

Eagle Rock Excavating professionals use their experience and expertise to get your project approved and ready to do as soon as possible. Their professionals will also guide you through the process themselves and make sure you're always in the loop during the project itself. They have in-house staff with experience with local permitting and will personally assist in speeding up the owner permit processing.

They offer a number of paving and seal coating products and options that will fit whatever you have in mind for your project. This includes Deery 220, MasterSeal MTR, and Sealmaster PMM. all products include a warranty that guarantees that they're all compliant with Federal and State regulations and specifications.

Eagle Rock has expertise in paving for both private and public roads, parking lots and many more. Tucson Mall's parking lot and Tucson Airport Distribution Center are just some of the places where Eagle Rock has shown their handiwork and experience when handling large public projects.
