

Erehwon Innovation Consulting Announces "The Erehwon Orbit-Shift Camp" for the Students of 6th-9th Classes

The Launch Pad to build the Next Generation of Innovative Leaders at the Spectacular AGASTYA International Foundation CAMPUS on the outskirts of Bangalore (89 km – 2.5 hour drive from the pickup point "The Forum Mall, Koramangala").

Bengaluru, Mar 5, 2020 (IssueWire.com) - Erehwon Innovation Consulting, one of the top innovation consulting firms in the world and popularly known as the creators of the "Orbit-Shifting Innovation™" methodology, announces "The Erehwon Orbit-Shift Camp" for the students of 6th, 7th, 8th, and 9th classes which will be held in two batches from 4th May to 8th May & from 26th May to 30th May 2020 at the Agastya International Foundation Campus on the outskirts of Bangalore, India.

Why Attend the Erehwon Orbit-Shift Camp? 5 DAYS of Action Learning where the children will:

- **Be equipped with tools & techniques for Creative Problem Solving**, building their capability to find New, Smart solutions for the kind of problems they are likely to face in the future.
- **Strengthen their confidence to take on challenges they have never faced before** 'I don't know how but I will figure out how'.
- **Build their capability to work collaboratively with team members** in a way that 'they actively seek and build on each other's thinking and ideas'.
- **Enhance their capacity to be EMPATHIC**– to genuinely understand the needs and expectations of the community, across cultures and levels.
- **Start believing that they can be Change Makers** in the field of their choice and in their community.

5 days that promise to be exciting & immersive, where the children will work in teams to:

- Experience the Creative Problem-Solving tools through activities and simulations.
- Apply the Creative Problem-Solving tools to create new Products & Experiences.
- Identify Problems being faced by the Local Community and then Ideate and present solutions.

Reflect & Track Progress

Towards the end of each action learning day, the participants will get into a reflective hour where they will get some photographs of the day & capture the **ÁHA** moments of the day' and their key learnings in a specially designed handbook.

They will share this with their parents at the end of the Camp.

Erehwon promised to take care of the Children and their safety with the below facilities:

- 1:12 facilitator to children ratio. Equal number effectively trained male and female facilitators
- Doctor on call and access to a nearby hospital
- On-site first aid
- Students can be contacted in the evenings on any of our phones, we will send a daily update to the parents.
- Vigilant adult supervision.

“Five years from now, over one-third of the skills that are considered important in today’s Working Professionals will have changed. Creativity will be one of the top 3 skills needed by professionals as per the recent study by the *World Economic Forum*. The increasing rate of change that we are faced with is posing newer and more complex problems. The most needed and the most valued professionals in future will be those who have the passion & the capability to discover new opportunities & find holistic solutions for oncoming problems for all teams” says Rajiv Narang, Founder & CEO at Erehwon Innovation Consulting.
