

Latest News ! Fortel turn your aspirations into reality

The reason behind Fortel's success is it's own determination

West Midlands, Mar 1, 2020 ([Issuewire.com](https://www.issuewire.com)) - [Fortel](#), one of the largest agency labour suppliers in the UK has carved out a niche for itself in various industries ranging from rail to power and defence

[Fortel is one of the largest suppliers of agency labour in the UK for construction industry](#); also working with a broad range of sectors including roads & motorways, rail, power, utilities, defence, retail, hotel & leisure and commercial. Sat Nijjer, the CEO of **Fortel** represents the construction and recruitment

industries.

[Fortel](#) has been on the market for the last 20 years. It has received multiple awards, such as the MSDUK ScaleUp award, Walsall Works Silver Partnership award, and finalists in The Growing Business Awards and finalists in The British Construction Industry Awards.

Fortel's clients include a huge list of key contractors across the UK, a majority of whom are clients who do business with **Fortel** on a regular basis. What makes **Fortel** the most preferred workforce vendor is that all their construction site operatives are registered with the CITB and they undergo necessary safety examinations in order to avail the CSCS cards. They also have an in-house training and assessment program conducted by the **Fortel's** plant operatives.

[Fortel](#) offers a safe pair of hands, routinely working with notable names and in high-pressure situations. They've successfully delivered projects in a wide range of environments around the country, with particular experience in several critical sectors.

- Roads & Motorways
- Rail
- Retail
- Defence
- Commercial
- Power
- Utilities
- Hotel & Leisure

[Fortel](#) is gaining more and more recognition year by year, and 2019 was a huge step forward for it. Deloitte's Future 1000 have mentioned [Fortel](#) as the only British provider of external and internal concrete floors and one of the best-performing companies in the entire country for the last years.

Fortel is committed to preserving the trust of her clients, workers, shareholders, and other third parties. The company takes pride in her reputation for delivering outstanding quality construction workforce, building good relationships and communication with her clients, and being open, honest, and transparent in her dealings

Mr. **Sat Nijjer, Fortel** Owner takes immense pleasure in announcing the successful re-certifications of various accreditations. Mr. Nijjer also takes pride in their Rail and Compliance Team that has passed the RISQS audit with flying colors.

Fortel has been in close partnership with the Railway Industry and in June 2019 the **Fortel** Group was audited by the RSSB RISQS (Railway Industry Supplier Qualification Scheme).

In continuation with the above accreditation, **Fortel** Owner Mr. Sat Nijjer also announces **Fortel's** partnership with Supply Chain Sustainability School.

Fortel's commitment towards tackling the social and environmental challenges in and around West Midlands and Birmingham has contributed to this partnership.

2019 was a big step forward because the Home Secretary has visited the new offices, and also the training academy. **Fortel** has won the honor of Silver Partner with Walsall works that collaborates with local communities, and which also focuses on local recruitment.

At **Fortel**, the workforce is always given utmost importance. With constant improvements on the skills, knowledge and language training, Fortel also offers industry-leading pay, conditions and full health & wellbeing packages. Their services are above and beyond recruitment.

Fortel collaborates with major contractors in the country for all their construction needs. Fortel is committed to sustainable working conditions whether it is with technologies, workforce, materials or resources.

***Fortel** has embarked on an exciting training programme in conjunction with Midland Training Company Ltd introducing new badly needed new talent in to the construction industry.*

Sat Nijjer, the CEO of **Fortel** visits their staff at work on-site for a Tool Box Talk at Balfour Beatty PLC., an ongoing construction project. TBT or Tool Box Talk is a casual meeting with special emphasis on workplace safety. The meeting can be held at any time and anywhere with the crew or the teams to discuss safe work practices and safety hazards specific to the site or to the job.

Fortel is a legal compliance and accredited construction Aid Company that supply construction companies with well-trained and professional workers. It is one UK's largest labour supplier agency to the construction industry, rendering high volumes and a swift response across the whole spectrum of labour, trades and professions.
