

Meal Delivery Service Provides Two Meals to Hospitals For Every Meal Donated

New York City, Mar 26, 2020 (Issuewire.com) - Now is the time to rally around our community and support the heroic health care workers who are working non-stop to fight this pandemic.

At Served Natural, Jared and Kyle Lyons's ready-to-eat meal delivery service in NYC has mobilized a team to send meal donations to health care workers at local hospitals. Last week -- the first week of city lockdown -- Served Natural 'donated over 2500 meals ... and are matching 2x the number of meals bought going forward.'

"Doctors, first responders, and health care professionals are paramount to this country making progress towards fighting COVID-19," Jared Lyons said. "They're putting their own health at risk and the least we can do is try to support them and say thank you for their dedication and hard work. The community needs to come together as a team."

How can you help?

For every (\$12) meal donated, two meals will be donated. Order on servednatural.com by 4PM every day to receive next-day delivery.

If you aren't able to donate and would still like to help please spread the word via social media about our program.

Thank you to the community for joining together and providing love and support. As long as the help is

needed we will be continuing to uphold this initiative and together we can feed as many health care professionals and first responders. Please feel free to reach out via DM on Instagram (@servednatural) or email (j@servednatural.com) to request a donation location.

Stay home and stay safe.
