

# Naveed Vehra, MD, a Neurologist with Medical Neurology

Get to know Neurologist Dr. Naveed Vehra, who serves the population of Glendale, Arizona.

**New York City, Mar 2, 2020 ([Issuewire.com](https://www.issuewire.com))** - Board-certified neurologist, Dr. Vehra currently serves patients through Medical Neurology in Glendale, Arizona. Additionally, he is affiliated with Banner Thunderbird Medical Center and Abrazo Central Campus.

In regards to his education, he graduated with his medical degree from Dow University of Health Sciences in 1996, giving him over two decades of experience in his field. He completed his training with the University of Alabama Medical Center where he completed his neurology residency followed by his clinical neurophysiology fellowship.

He is certified in Neurology by the American Board of Psychiatry and Neurology (ABPN). The ABPN is a not-for-profit corporation dedicated to promoting high-quality patient care for the public through the initial and continuing certification of psychiatrists and neurologists. Patients can be assured that an ABPN board-certified neurologist or child neurologist has specialized skills and knowledge to diagnose and treat specific problems and to provide medical management for a range of problems, including emergencies and long-term care of chronic neurological disorders. He is also licensed to practice in the state of Arizona and Maryland.

To stay up to date in his field, he remains a professional member of the American Academy of Neurology (AAN). Founded in 1948, the AAN now represents more than 36,000 members and is dedicated to promoting the highest quality patient-centered care and enhancing member career satisfaction. In addition to speaking English, Dr. Vehra is also fluent in Hindi.

His patients have excellent experiences with him, one stating, "Dr. Vehra was very attentive and genuinely concerned with my condition. I would go back to him in a second." A neurologist is a medical doctor who specializes in treating diseases of the nervous system. The nervous system is made of two parts: the central and peripheral nervous system. It includes the brain and spinal cord.
