

Olight Store Launches New Rechargeable Headlamp and Led Headlamp

Olight Store, one of the advanced technology-led headlamp manufacturers, offers a wide range of rechargeable led headlamp, and its accessories.

Marietta, Mar 30, 2020 (Issuewire.com) - Olight Store has been established for ten years and provides tactical led light for police departments, security companies, firefighter departments, employee gifts, and more. [Rechargeable headlamp](#) and led headlamp are currently the company's new and featured products in 2020. The Olight headlamps are available in 4 models (Perun, H2R, Array, and

H1R) and can be purchased through an online website or through their dealer shops.

Led headlamp is popular for many purposes, including camping & hiking, home repairs and navigating blackouts, reading at night, working on cars, fishing, caving, and many more. Led headlamp provides convenience and comfort while working in the dark. Other than that, led headlamp is a practical device and can be applied for a diversity of reasons and has a number of useful and practical applications.

Olight Store has been experienced in illumination technology for more than ten years. Its product, Olight rechargeable headlamp, has been used for many purposes and departments in the USA. According to the Olight Manager, its led rechargeable headlamp uses high quality and strong material for quality and durability. *“Our led headlamp uses state-of-the-art technology, well designed for many purposes, and uses high-quality materials.”* He adds, *“Our design team has researched for a design that meets clients' requirements. So, our products also meet the standard for the police department, security companies, and the firefighter department.”*

Olight Store offers four models of the rechargeable [led headlamp](#), and they include Perun, H2R, Array, and H1R. Besides offering its products through the official website, the company also opens an opportunity for dealers and distributors to participate in selling their products. They can order bulk orders from the Olight B2B portal and are shipped directly from its US warehouse. Olight Store strives to prioritize its customer satisfaction. The company guaranteed the quality of its products, and all products have a 5-years warranty.
