

Rashedul Hasan, MD, a Neurologist with Baylor Scott & White Health

Get to know Neurologist Dr. Rashedul Hasan, who serves patients throughout the State of Texas.

New York City, Mar 27, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Hasan is a board-certified and fellowship-trained neurologist who is affiliated with Baylor Scott & White Health, serving all people by providing personalized health and wellness through exemplary care, education, and research.

As a part of the Baylor Scott & White Health network, the doctor is affiliated with several hospitals and medical centers throughout the state of Texas, including Baylor Scott & White All Saints Medical Center - Fort Worth, Baylor Scott & White Institute for Rehabilitation - Dallas, Baylor Scott & White Medical Center - Centennial, Baylor Scott & White Medical Center - Grapevine, Baylor Scott & White The Heart Hospital - Denton, Baylor Scott & White The Heart Hospital - Plano, Baylor Scott & White Medical Center - Irving, Baylor Scott & White Medical Center - Lake Pointe, Baylor Scott & White Medical Center - Plano, Baylor Scott & White Medical Center - Waxahachie, Baylor Scott & White Heart and Vascular Hospital - Dallas, as well as Baylor University Medical Center.

On the subject of his educational background, Dr. Hasan earned his medical degree from Sylhet MAG Osmani Medical College in Bangladesh in 2002. Upon relocating to the United States, he went on to complete his internship in neurology at Mount Sinai Queens in 2012, followed by his residency in neurology at the Texas Tech University Health Sciences Center School of Medicine in 2015. This was followed by a fellowship in cerebrovascular neurology and stroke at the UT Southwestern Medical Center in Dallas in 2016.

He is board-certified in neurology and vascular neurology by the American Board of Psychiatry and Neurology, which is a not-for-profit corporation dedicated to promoting high-quality patient care for the public through the initial and continuing certification of psychiatrists and neurologists.

Neurology is a branch of medicine dealing with disorders of the nervous system. Neurologists are licensed medical specialists who diagnose and treat disorders that affect the brain, spinal cord, nerves, and muscles of patients. They examine a patient's mental and physical status, conduct medical tests and scans, and evaluate the results to diagnose and treat the patient.
