TATTOOS PIERCING

Maharashtra, Mar 2, 2020 ([IssueWire.com](http://www.IssueWire.com)) - Tattoos1960 that first opened its gates initially in Pune, India is now offering courses for anyone interested in shaping a career in this art form. Their new drive aims to provide a 45 days course through professional guidance. All participants will go through an on-job experience of working inside a tattoo studio through interactions and connections with their respective trainers. Observation and attention constitute the two most important aspects of this course arranged by Tattoos1960. The art of tattooing is a complex arena of various perceptions and self-regulated interpretations along with what the client is looking for in the art. This course corresponds with the underlying virtues of tattooing, the ability to turn the emotional folds in art, and the optimism that drives the entire spectrum through an undulating verse of growth and evolution.

Today, Tattoos1960 has expanded their creative legacy across the globe as one of the best tattoo and piercing parlors comprising of a team of 16+ dynamic artists with many years of experience in the field. Now that they have expanded their art across various locations, they are ready to go beyond with a thirst for acquiring and accomplishing more as their creative lineage gets stronger by the day. With the new course, amateur artists can learn this art form and make a place for themselves as an in-house intern.

All artists associated with Tattoos1960 have some of the best knowledge and experiences in the field helping trainees and clients alike to find their closure through the right creative needle. The new batch for the training course starts this May and is open for anyone who has a knack for art and creativity in general.
