Here are a few testimonials from customers who have experienced the expertise of Renco Roofing first hand::

"On behalf of the Condo Association, I would like to let you know about dealing with the above company (RENCO Roofing). They resealed the roofs of our 34 units comprising 6 buildings during the month of May 2010. It was such a pleasure and comfort to have been able to deal with such a professional company. From the first contact with Shannon to the daily follow up phone call to let me know what had been done that day and what was planned for the next day, it was great. Everything was done as we were told it would be including their follow up and clean up. All employees were very pleasant and courteous to everyone. I would highly recommend this company to any other condo association or an individual homeowner. They are very trustworthy and competent." - R.M. from Sun City, AZ

"Just wanted to send a note of thanks with our final payment. Thank you for being such a wonderful company. Each and every one of you was kind and considerate when helping us through our ordeal with our solar mishap. It is very nice to know that yes, there are some WONDERFUL businesses out there that have high standards with their company. We greatly appreciate working with you and look forward to seeing you again when it is time to recoat our roof. Thanks again! - V.A. from Sun City, AZ...
