Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

For her outstanding efforts in the field of family medicine, Dr. Kemp has been the recipient of several awards and honors, including New York Magazine Top Family Practitioner (2019-2020), Hudson Valley

Parent Favorite Doctor (2015), and Forty under Forty (2010), among others.
