

The Ultimate Urban Walking Stick Now Available on Walmart.com

PrimeStick™

extends 33.8 to 55 inches

SINGLE PRIMESTICK
max. capacity 150 lbs.

PAIR OF PRIMESTICKS
max. capacity 250 lbs.

An adjustable cane alternative for people who resist using a cane.

Whether walking on a sidewalk or in a park, PrimeStick's Cyclone Foot™ and no-slip handgrip provide sturdy support.

The flexible Cyclone Foot covers 2–3 times more surface area than standard tips. It maintains constant surface contact through every stride with reliable, “grippy” traction on virtually any terrain, especially wet surfaces.

PrimeStick's comfortable, no-slip handgrip offers exceptional control when used with the integrated safety strap.

The anywhere-grip upper post is covered with EVA for sweat-free comfort. It extends from compact cane height up to 55 inches for added leverage to navigate slopes, or for support while exercising.

All-weather, all-terrain tread channels away water like a race car tire

Cyclone Foot™ flexes for maximum grip on virtually any surface

Adjusts from cane height to walking stick: 33.8–55 inches.

**URBAN
TREKKING POLE**

ALL-TERRAIN WALKING STICK / CANE

Naples, Mar 24, 2020 (IssueWire.com) - Introducing the PrimeStick's by Dynamo the first specifically designed urban walking stick. No more do you have to be embarrassed to use that trekking pole again. The fun and fashionable, PrimeStick looks good—and works great—in any setting. From a dress-up night out on the town...to a casual stroll through the park. From a hike over rocky trails...to a workout on wet, sandy beaches.

Now you can visit Walmart.com and search PrimeStick to order yours today. Don't forget you get FREE 2 Day shipping on all orders. <https://www.walmart.com/ip/PrimeStick-Trekking-Cane-Urban-Recreational-Cyclone-Only-Foot-Walking-Walkers-Stick-Tip-Pole-Active-World-s/211259935>

ADJUSTS IN SECONDS. FITS ANYONE

PrimeStick's inner aluminum post unlocks with a simple twist of the wrist, extending from its base height of approximately 31 inches to a fits-everybody height of up to 55 inches for added leverage. Twist to relock, and PrimeStick's ready to go!

To learn more about the PrimeStick or the cyclone foot check out our [PrimeStick page here](#)
