

Vatika Business Centre - the key player in the field of Business Centers Nationwide

Gurgaon, Mar 26, 2020 (Issuewire.com) - Vatika Business Centre - the pioneers of the premium business centre industry, and first to establish the most sought-after and top-notch business centres in India, across 20 locations in 8 prominent cities, is home to an array of flexible workspace solutions providing everything from Serviced offices, Co-working spaces, Virtual offices to Meeting rooms. The industry is flourishing in leaps and bounds today as more and more organizations are preferring fully-furnished and ready-to-move-in business centres over traditional leased spaces. However, 15 years ago this was an alien concept in the Indian office space industry.

It all began 15 years ago, when Vatika Business Centre, unveiled its flagship Business Centre services after establishing its expertise in the real estate business. Vatika Business Centre [VBC] offered this breakthrough service that enabled both SMEs and well-established organizations to attain presence in 'A-grade', iconic buildings, at prominent locations in major cities, with minimal CAPEX and lock-in period. From that moment onwards the organization never looked back. Today, the company has launched 20 premium business centres, catering to 200+ clients [both national and international], spread over 0.6 million sq.ft. of an area in 8 major cities including Chennai, Mumbai, Pune, Bengaluru, Hyderabad, New Delhi, Gurgaon & Noida offering more than 6000 seats and a strong array of Business Support Services. Needless to say, that the stats are skyrocketing.

Let us know more about the top-notch offerings from the organization:

[Serviced-Offices:](#)

With the onset of shared office spaces in Indian workspace industry, there was a dearth of fully-furnished, ready-to-move-in premium office spaces in India. VBC is out in the market with an aim to fill-up this gap. The company offers the finest quality, ergonomic serviced office spaces to businesses at minimum lock-in period with no transition hassles. These spaces are more than just an office for their clients, which boost business ideas and innovations. You get to choose from various amenities, workstations, configurations ranging from single-seater arrangement to more than 500 seats. You may also get the flexibility to scale up or down as per your requirement without any hassle.

[Co-working Spaces:](#)

With the sudden rise in popularity of co-working spaces across the globe, VBC is one such provider that has maintained its premium quality of services consistency over the period of time.
