Fremont, Mar 13, 2020 (Issuewire.com) - We Nurture Kids is the best place to send your child for his or her overall mental and physical growth. It believes in providing the right direction to the students so they can tap on their learning potential, and harness their full competence under the guidance of qualified and passionate teachers. To provide the students with optimal opportunities, Nurture Kids comes up with a number of activities, which are individually helpful in honing learning and other skills. Some of the activities at Nurture Kids are creative writing, public speaking, art & craft, vocal training, [steam lessons for kindergarten](#) and many more.

One of the proud parents has mentioned that *"It's a great place!!!! Kids learn and play at the same time. My daughter attended their summer program; they have almost everything under one roof. The school offers multiple programs including Public speaking, art, and yoga. My GOD, I don't even remember the list!!! I highly recommend this program to parents who want to see significant progress in their kids."* – By Jagdeep G

What are the activities offered by We Nurture kids?

There is a wide range of activities offered by We Nurture Kids such as:

- **Academic enrichment** – It is designed to broaden the research-oriented educational exposure and encourage the child to explore his or her passion efficiently.
- **Creative writing** – The professional teachers at We Nurture Kids help children to explore outside their boundaries of normal professional, journalistic, or academic.
- **Chess lessons** – Nurture Kids help children interested in playing chess by teaching them the best chess lessons and techniques with the help of top masters, and coaches.
- **Public Speaking** – The professionals here help children in building their confidence via Public speaking techniques. Following multiple activities including speeches, group discussions, etc help the child in having a face-to-face interaction with the public without hesitation.
- **Motor Skills** – Motor skills play an important role in every child's life. It is because motor skills help children in proper movement and actions of their bone structures. The professionals at Nurture kids help in bringing a permanent change in the ability of a child to perform a skill as a result of his/her practice or experience.
