

Women Who Lead in Uncertain Times

Apostle Felicia Osborne expansion in business, ministry, and as director of Bethel Care in Newark is a testament of what sheer brilliance will produce...

Newark, Mar 26, 2020 (IssueWire.com) - During International Women's History Month and the unfortunate crisis of dealing with Covid-19, we pause to salute the amazing journey of Felicia Osborne, a noted business owner and a leading advocate for those suffering from addiction and mental illness. As a trailblazer, she follows in the footsteps of two influential leaders in her life who made a tremendous impact in the community, ministry and business sector: (former) Pastor and (Dad) Reginald Osborne, and mother, Dr. Marian Osborne who exemplified the very essence of sacrificial leadership. Undoubtedly, an attribute she models in everything she endeavors.

We celebrate a life journey of professionalism and excellence in the following industries:

Executive Director/CEO Bethel Family & Youth Resource Center, Inc.

I.S.P. Program Manager Bethel Counseling Service Newark, NJ

Board Member of the Drug and Alcohol Counseling Service.

Metrics & Reporting Analyst AT&T Mobility Paramus, NJ

In addition, Apostle Osborne, as she is affectionately known is a songwriter, published author, and radio host... however, in spite of her very busy schedule the "Pint-size giant," is always tackling issues to bring resolution to those who are hurting and displaced.

Felicia has been cited in numerous publications and featured on television and radio sharing her amazing journey that has inspired thousands, especially young people who were without support at home. Most would never fathom her daunting accomplishments being possible because of her physical condition, one that I might add has not limited her ability to soar.

Recently, her firm Bethel Care, which is a full-service counseling and treatment facility was awarded additional contracts as a result of its stellar record in the state of New Jersey that includes: Van transportation, expanded Mini food pantry, the establishment of Bethel West (women's transitional housing) 44 beds, and a 65-bed facility located on Bruen Avenue in Irvington, NJ, along with 2 school contracts.

This amazing leader is a trailblazer for many and we are proud to salute the incredible achievements of a woman who shares her life with those who need her most.

For interviews or to volunteer at Bethel Care in Newark, NJ please contact Apostle Felicia Osborne bethelcare.com/ or call [973-643-6565](tel:973-643-6565).
