

Wright Restoration Services to Donate N-95 Masks to Community

Parkburg, Mar 26, 2020 ([IssueWire.com](https://www.issuewire.com)) - Wright Restoration Services, Inc. is donating most of their inventory of highly sought after N-95 masks to senior living facilities located in Chester and Lancaster Pennsylvania counties.

As the (COVID-19) pandemic continues to take hold in the United States and the rest of the world, Wright Restoration Services felt it was their civic responsibility to help their community any way they can to assist in reducing the spread of the virus to the most vulnerable group of people, senior citizens.

“It’s a scary time for everyone, but senior citizens are most at risk to develop severe cases of COVID-19 and we believe it’s critical to get N-95 masks in their hands (**along with the employees that provide care to them**) at these facilities ASAP. There are so many hospitals across the country that are in high demand for the masks and our while our hearts go out to them, our goal is that donating to senior living facilities may assist in helping the most vulnerable before they have a need to go the hospital.”, states Brian Maggs, Director of Operations for Wright Restoration Services, Inc.

In addition to donating much of their own supply of N-95 masks, Wright Restoration Services will also be holding a community PPE donation event on **03/28/2020, between 10:00 AM and 2:00 PM**. The event will be located at **4071 W Lincoln Hwy, Parkburg, PA 19365**.

They will be accepting PPE which will be donated to senior residents and the employees that care for them at nursing homes, retirement and assisted living communities who as you know are the most vulnerable to COVID-19. We are asking businesses and community members who can donate PPE items like N-95 masks, surgical masks, disposable gloves, hand sanitizers, along with disinfectants and wipes. During the event, volunteers will be wearing protective gear to accept donations. As a safety precaution, we ask that you stay in your vehicles to maintain social distancing. Donation receipts will be available for those who need them.

For any questions, please contact us at 610-HELP-NOW.

Wright Restoration Services provides disinfection and sanitization services for residential and commercial buildings and facilities exposed to contamination caused by infectious diseases or viruses and other pathogens.

Their surface decontamination services are safe, and they use state-of-the-art sprayers and solutions that can kill 99.99% of pathogens which include viruses and bacteria and there is no harmful residue and their Disinfection and Sanitation services also meet CDC guidelines.

If you would like to find out how their decontamination and disinfection services can help you, visit their webpage at www.wrightrestorationservices.com or call their 24-hour emergency hotline at **610-HELP-NOW**.
