by Quincy Freeman

Home is a
Safe Haven
from the worries of
the World

Los Angeles, Apr 30, 2020 (Issuewire.com) - Thank you for viewing this entrepreneurial article and 2020 news.

Your New Life starts with the healing in the body, we are building an incredible team. Much more of a family dynamic in Navan Global. Navan stands for Safe Haven or Safe Harbor.

A place you can finally call home. A company is willing to be transparent and benevolent in nature.

I, as Quincy Freeman, joined the company because I wanted to rid my depression and chronic pain which caused so much of my insomnia. After 7 days using the products. Start my day with a detox that contains zeolites to magnetize heavy metals which develops joint pains, infections, diseases, etc. Afterwards, a short couple drops of the Restore to put back vitamins and minerals in the body.

"You don't know your sick until you stop coughing or sneezing. Saying oh I feel normal again" - Q

We want people to come as you are, find where you fit here because we all need healing. For our relationships, friendships and family. Getting out of chronic pain through these daily essentials.

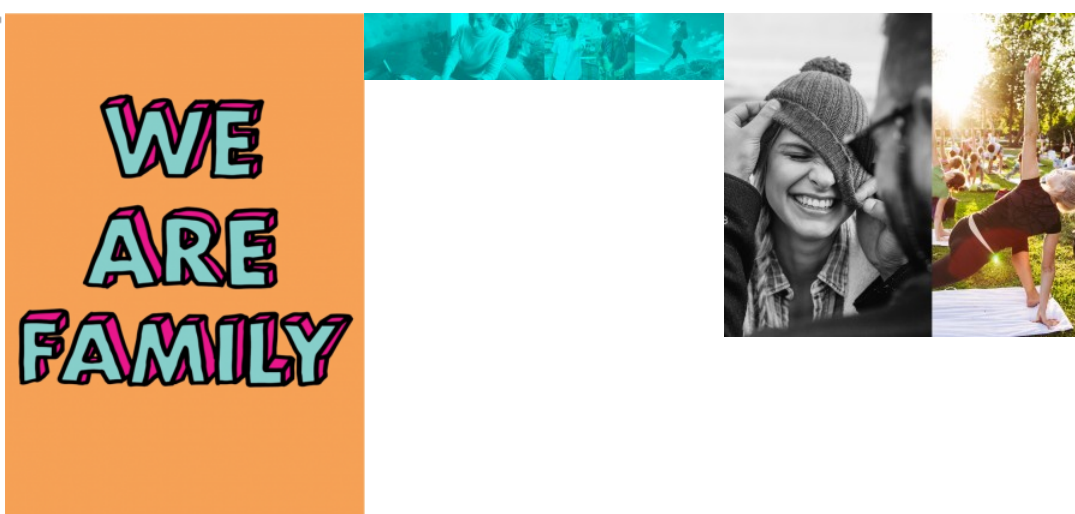

YOUR GOING TO EARN A SIX FIGURE SALARY WITH YOUR EFFORT

Finally, a company that will put you first and developed a winning strategy for each team member. We only give forward. Once you join the family here then we will go to work for you and start developing a team under you probably faster than you can develop one for yourself.

We Believe In HOPE RESTORED
