

Brainium wins 'INDIA 500 MOST PROMISING IT COMPANY AWARD' 2020

India 500 Business Awards, part of Benchmark Trust is a research group TQV Certification Services as the knowledge & Audit partner, evolved through a necessity to recognize and celebrate quality excellence.

kolkata, Apr 2, 2020 (Issuewire.com) - Brainium Information Technologies is the winner of the 2020 India 500 Most Promising IT Company Award competition for Quality Excellence.

Brainium is a leading IT company in India serving more than 1000 clients globally. This is a Kolkata based software development company with innovative & dedicated employee strength of a couple of hundred.

Started as a bootstrap company with just 3 people, it has come a long way and over the decade established itself as a promising IT Company in India with more than 2000 successful projects. The whole team focuses on delivering the best technological solutions to the clients.

“It was a slow start for us. Due to limited resources, we could only serve clients looking for web design and development. But today we provide end to end solutions in Web Technology, Mobile Technology, and Digital marketing under one roof.”, said Sourav Sinha, the MD and Co-Founder of Brainium.

Brainium offers lifetime support on the projects without any hidden or extra cost. This kind of approach set them apart from the other IT firms in India. It helps to increase brand reliability.

“Our focus is to solve the problem of incapacity which businesses come across in terms of technical support post the project delivery,” said Mukesh Kumar Singh, the Chief Technical Officer and Co-Founder of Brainium. “While it is not easy to bring and implement new ideas into a market that is tremendously competitive, it is imperative to keep adding value to our clients and customers.”
