

DOOH Media Solutions Releases New Hand Sanitizer Digital Display To Help Combat Coronavirus (COVID-19)

In a world of viruses and bacteria, DOOH Media Solutions launches new specially designed digital signage hand sanitizer displays that dispense 99.99% germ-killing sanitizer.

Edmonton, Apr 16, 2020 (Issuewire.com) - "I know that for many Canadians, the last few weeks have heightened feelings of concern and uncertainty around COVID-19. Right now, we are focused on how we can continue to serve communities in this time of need while being part of the solution. So, we are announcing an innovative solution to help the on-going battle of germs, viruses, and bacteria," said Ken Jakubowsky, President and Co-Founder of DOOH Media Solutions Inc.

In a world of viruses and bacteria, DOOH Media Solutions launches new specially designed digital signage hand sanitizer displays that dispense 99.99% germ-killing sanitizer. "Becoming a DOOH Media Solutions Host is effortless and we offer customized Host Participation Levels," stated Jakubowsky.

DOOH Media Solutions introduces a new line of sleek freestanding and wall mountable hand sanitizing digital displays. Each display is equipped with an internal auto-dispenser that supports gel, foam or liquid sanitizer, the attractive displays feature a sturdy metal enclosing and an integrated commercial grade 21.5" digital sign that is managed using specialized cloud-based digital signage software.

"This hand sanitizing digital displays are the perfect solution for high-traffic public locations such as shopping malls, commercial buildings, airports and other retail settings, such as hotels," said Chuck Barnicott, Vice President and Co-Founder at DOOH Media Solutions. "When visitors walk up to the display, they receive free hand sanitizer while seeing a combination of information and media being displayed on the screen."

Digital Hand Sanitizing Displays Help Organizations Give Assurance to Their Visitors

Hand sanitizer digital displays are a logical step for keeping the public safe. From killing bacteria to being able to reach audiences with targeted messaging more effective, the digital hand sanitizer displays offer organizations an all-in-one solution for getting their messages seen and providing a safer environment for their visitors.

- * Supports WiFi, hardwire or 3/4G connection to the web
- * Internal automatic dispenser system
- * Built-in drip tray
- * Easy and secure sanitizer refill
- * Built-in media player
- * Touch screen or non-touch screen

Supportive Software

DOOH Media Solutions has developed unique system Software as a Service (SaaS) that enables our team to easily manage dynamic digital signage campaigns, from the cloud to IP-based digital signs anywhere in the world. Remotely control and manage broadcasted targeted messages to any number of signs, at an unlimited number of locations in real-time using our digital signage software.

A Health-Conscious Communications Tool

Because digital signage has the ability to display a series of advertisements, messages, videos, news feeds and other forms of communication, anyone can display more content in a short period. To make changes to content, all that one needs is a computer and for the hand sanitizer digital displays to be connected to the internet. Using DOOH Media Solutions cloud-based digital signage software, anyone is able to create, edit and manage all of the content of the display.

This week may be more important than any we have seen so far, and we must continue the safe practices put in place by our medical health experts.

- Keep your hands clean
- Keep your hands away from your face
- Social distancing is the key to flattening the curve
- Make social distancing a conscience decision
- Stay connected and talk to friends and family about your feelings and concerns

DOOH Media Solutions Offers Free Hand Sanitizer For One Year! **

*** Limit of 1 - 5-Gal Jug per 4 dispenser units*

We would like to express our gratitude to our front-line workers for going to work every day to provide essential services. Thank you to our devoted medical and support staff, police, emergency services, municipal staff, retail employees and everyone helping others. In summary, we have a new normal in the world today and if you learn the rules it is very empowering. We shall overcome this pandemic.

About Us:

DOOH Media Solutions is an exciting high-growth Canadian company that's disrupting the billion-dollar digital out-of-home marketing industry.
