

H. Darleen Bauer, RN, Registered Nurse

Get to know Registered Nurse H. Darleen Bauer, who serves patients within the State of Tennessee.

New York City, Apr 8, 2020 ([Issuewire.com](https://www.issuewire.com)) - Darleen is a registered nurse who maintains the role of a nurse manager, serving as the responsible party for supervising nursing staff in a hospital or clinical setting. With expertise in medical-surgical nursing, critical care nursing, coding, admissions, and wound care, she tends to patients within the state of Tennessee.

Prior to her current endeavors, Darleen worked at Erlanger Medical Group, Tennessee's fastest-growing physician practice.

In the early days of her academic career, she earned her Associate's Degree in Nursing from Chattanooga State Community College in 1985.

A registered nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
