爱好：篮球，足球

教练对你说：继续工作，永不放弃。

Changji, Apr 9, 2020 (Issuewire.com) - Keith Graves said Asia is a great place to work, and he is happy to come back for his second year of coaching. I plan on being in ASIA for a long time," Graves said, adding that he was chasing his 7th championships ring in his coaching career, he ends up coaching multiple teams and getting his 10th.

But the coach added that it was a difficult year at first with all teams being it 8th place during his arrival and it immediately changed during week 4. Being frustrated for the first two weeks influenced me to reach out to former NBA player Donnell Harvey about coaching techniques and once I changed to the tempo of the game in ASIA I begin to move up in the ladders " Keith said."

The coach said he and his staff are working on building the team for 2020-2021 season after the coronavirus ends. Coach Keith has sent a total of 21 guys to college including the following from the USA;

Keymont Jenkins Sheridan College; Jovan Elezovic Northeast Community College; Malik Jordan and Eric McIver will play at Chattahoochee Technical College; Krishanti Nanayakkara Atlanta Metropolitan State College; Moyosore Olagesin Carver Bible College; Nygel Blake Pensacola Christian College; Andre McClain and Kalil Jones Tennessee Technological University; Frederick Brown South Georgia Technical College; Anthony Rice Troy University; Marko Nikolic Northwest University in Kirkland, Washington; and Sasha Skryagin and Miljan Jovanix both made the Serbian pro team.
