

## **Kenneth Houchin, MD, an Ophthalmologist with Las Vegas Valley Eye Center & Elko Eye Center**

Get to know Ophthalmologist Dr. Kenneth Houchin, who serves patients in Nevada.

**New York City, May 1, 2020 ([IssueWire.com](http://www.IssueWire.com))** - From simple exams to complex procedures, Dr. Houchin provides a wide variety of services tailored to strengthening and improving eyesight at his two offices in Nevada through his practice, Las Vegas Valley Eye Center & Elko Eye Center. Whether he is diagnosing eye diseases or performing a routine eye exam, his informative and accommodating nature will make each patient feel at ease, knowing they are not alone on their journey to improved eye health.

With more than 30 years of medical experience, the doctor's history of accurate diagnoses has enabled him to become a trusted ophthalmologist in the community. Utilizing his extensive knowledge and the latest technology, he thoroughly assesses symptoms to ensure each patient receives the best care possible.

A 1985 graduate of the Loma Linda University School of Medicine, Dr. Houchin remained at the school for his training. He served as an intern of internal medicine, participating in two separate residencies for neurology and ophthalmology. He then held various prestigious positions in the Neuro-Ophthalmology Department at his alma mater and practiced neuro-ophthalmology and oculoplastic surgery.

Following his training, the doctor became board-certified in ophthalmology by the American Board of Ophthalmology, whose mission is to serve the public by improving the quality of ophthalmic practice through a process of certification and Maintenance of Certification that fosters excellence and encourages continual learning.

In order to advance his professional efforts, he remains a member of several professional organizations, including the American Academy of Neurology, the American Academy of Ophthalmology (Fellow), the American Medical Association, and the North American Neuro-Ophthalmology Society.

Ophthalmology is a branch of medicine and surgery, which deals with the diagnosis and treatment of eye disorders. Ophthalmologists are experts in the diseases, functions, and anatomy of the eye. They may provide routine care such as vision testing, as well as prescribe and fit eyeglasses or contact lenses. However, ophthalmologists are also surgeons. They repair traumatic injuries to the eye and perform cataract, glaucoma, and corneal surgery.

In addition to being a seasoned lecturer at Loma Linda University, Dr. Houchin has contributed to various scientific publications and presentations on a regional and national level. His work is well received and recognized by the NBC Network Today show, Hallmark Cards, Inc., and Southwestern Bell Telephone Company Publications, as well as contributing pieces on many television programs, magazines, posters, and postcards.

Away from the office, Dr. Houchin spends his time as a nature photographer.
