Luanne LaCava Treado, RN, SAFE, Registered Nurse & Sexual Assault Forensic Examiner

Get to know Registered Nurse & Sexual Assault Forensic Examiner Luanne LaCava Treado, who serves patients throughout the State of Connecticut.

New York City, Apr 4, 2020 (Issuewire.com) - Luanne is a registered nurse & sexual assault forensic examiner who is affiliated with the Office of Victim Services - Connecticut Judicial Branch, as well as eight hospitals in the region. She also serves as a preceptor, training new preceptees in the hospitals where she oversees their initial cases, ensuring that their practice is consistent and done accordingly to policy.

Prior to her current endeavors, she worked in the operating room as a surgical tech and registered nurse. Back in 2011, she earned her Associate's Degree in Nursing (ADN) from Capital Community College in Hartford, Connecticut.

When asked why she chose a career in nursing, Luanne answered that when she was a sexual assault crisis counselor, she saw the need for more forensic nurses. Nowadays, motivated by family and friends at the start of each day, she deals with a special population of patients who are very grateful for her expertise in this area of practice.

Attributing her success to her passion for helping people and being sensitive to their needs, Luanne has three sisters in the health field who inspired her to become a nurse herself. She also credits her exposure to nurses in the operating room while serving as a surgical tech to her success. She finds her field of practice to be both interesting and rewarding.

Recognized for her outstanding achievements and commitment to the field of nursing, Luanne is the recipient of numerous awards, including Sexual Assault Crisis Counselor/Advocate Counselor - Volunteer of the Month (2004), Sexual Assault Crisis Counselor - Volunteer of the Year (2005), Judith Marie R. Laurie for Dedication and Commitment from nursing school (2011), and Award of Excellence from the Office of Victim Services in Appreciation of Heartfelt Commitment and Dedication (2016). Among her philanthropic endeavours, she has served as a school volunteer (1989-2008), a parent-teacher organization volunteer (1989-2008), the Vice President of the Parent-Teacher Organization (1995 and 1997), and a Girl Scout Leader (1990 - 1995).

A registered nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.

A sexual assault forensic examiner (SAFE) is a health care provider who has been specially educated to provide medical and forensic care for a patient who has suffered sexual assault/abuse, trained in the collection of forensic evidence, and to testify in court as an expert or fact witness. Registered nurses, nurse practitioners, physician assistants, and physicians may participate in education.

In her personal life, Luanne is married, the mother of two and grandmother of two.
