

Marina A. Strizhevsky, DO, an Endocrinologist with Barnabas Health Medical Group - United Medical

Get to know Endocrinologist Dr. Marina A. Strizhevsky, who serves patients in New Jersey.

New York City, Apr 17, 2020 ([Issuewire.com](https://www.issuewire.com)) - Dr. Strizhevsky is a board-certified endocrinologist with a special interest in polycystic ovary syndrome and osteoporosis. She has experience in diabetes and other endocrine disorders. She is also certified to perform ultrasound-guided fine-needle aspiration of thyroid nodules and to treat patients with thyroid cancer.

In addition to her affiliation with the Jersey City Medical Center, the doctor can be found on staff at Barnabas Health Medical Group - United Medical with locations in Lyndhurst and Clifton, New Jersey.

Barnabas Health Medical Group - United Medical is a multi-specialty physician group with locations in Bayonne, Clifton, and Lyndhurst, New Jersey. Along with primary care, United Medical offers services that range from cardiology, medical nutrition, endocrinology, gastroenterology, ophthalmology, podiatry, nephrology, gynecology, and infectious diseases. Its mission is to provide quality, affordable, and personalized care to its communities by providing comprehensive healthcare services under one roof.

A 2002 graduate of the New York Institute of Technology College of Osteopathic Medicine in Old Westbury, New York, Dr. Strizhevsky went on to complete her residency in internal medicine at North Shore University Hospital in Manhasset, New York in 2005. This was followed by a fellowship in endocrinology at Beth Israel Medical Center in New York City, New York in 2009.

A member of the American Association of Clinical Endocrinologists and the Endocrine Society, she is board-certified in both internal medicine and endocrinology, diabetes, and metabolism by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Endocrinology is a branch of biology and medicine dealing with the endocrine system, its diseases, and its specific secretions known as hormones. Endocrinologists have the training to diagnose and treat hormone imbalances and problems by helping to restore the normal balance of hormones in the body. The common diseases and disorders of the endocrine system that endocrinologists deal with include diabetes mellitus, as well as adrenal, pituitary, and thyroid disorders, among others.
