Get to know Chiropractic Neurologist Dr. Marjan Kaveh, who serves patients in Boca Raton, Florida.

New York City, May 1, 2020 ([IssueWire.com](https://www.issuewire.com)) - A pioneer in chiropractic neurology, Dr. Kaveh is the Founder of the Chiropractic Neurology Enhancement Center in Boca Raton, Florida. In practice for over two decades, she is committed to using a personalized and therapeutic approach to provide each patient with a healthier lifestyle.

With extensive experience in the fields of nutrition, thyroid disorders, and autoimmune disease, Dr. Kaveh offers a variety of services to treat common conditions and injuries, including specialty computer-assisted balance training as an adjunct to treatment for vertigo, dizziness, and balance disorders, associated with stroke and brain injury; nerve entrapment syndromes to treat carpal tunnel, thoracic outlet, and sports injuries; treatment for headaches and mild brain injury; custom foot orthotics to treat numbness or tingling of the extremities; and X-ray analysis, among others.

Pertaining to the doctor's educational background, she received her Bachelor of Science (BS) degree and her Doctor of Chiropractic (DC) degree from Cleveland Chiropractic College of Los Angeles in 1999. She then went on to complete her three-year training at the Carrick Institute of Neurology in San Francisco, followed by her postgraduate studies with a focus on childhood disorders. Upon graduation, she worked at the Brain Balance Center of San Francisco.

As a Diplomate of the American Chiropractic Neurology Board (DACNB), Dr. Kaveh has taken 300 postdoctoral hours of coursework in functional neurology and passed the rigorous written and performance exams required for certification by the ACNB.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractic neurologist is a specialist in assessing the health of the entire loop connecting the muscles, joints, and nervous system, and in identifying the dysfunction in each part that can lead to problems elsewhere.

In addition to English, Dr. Kaveh is fluent in Persian.
