

Metamorphosis EP by TAHJ ACE out now ! | Brooklyn, NY Creative Artist with a trendsetting brand 7ACE

New York City, Apr 16, 2020 (Issuewire.com) - Brooklyn based hip-hop artist Tahj Ace has been honing his craft for years, spending his time as out in the arts and music scenes drawing from a rich variety of influences. His relentless curiosity for music has led him to experiment with trap, RnB, and trip-hop in pursuit of self-expression and a feel-good sound to share with those around him

Inspired to start creating music with a group of childhood friends one summer, initially, his material was developed organically in his local neighborhood. As he polished his talent and branched out into the scene, he started hip hop group Eramatics, which he managed himself. Going solo with mixtape Cool High, he drew from classical jazz and trap in a smart and winning combination of flow and rhythm and included collaborations with artists Frank Stoney, SupremeJJay, Alfa Simmonds and Eramatics member Lexington. This saw great success with rave reviews from Music On the Dot and an in-depth interview with Above Average Hip Hop.

Multitalented and entrepreneurial, Tahj Ace has also been an actor and model and set up Seven Ace Records. His successes have seen him play in Philadelphia, Washington DC, and Los Angeles and he has been covered internationally by publications such as Indie Pulse Magazine and Germany's Supex, as well as performing at festival shows in Canada. Follow him on all social media and streaming platforms.

Tahj Ace releases a seven-track EP titled Metamorphosis on all streaming platforms. This vibrant project consists of catchy songs with capturing lyrics and memorable stories. Each track make references to daily cool, cinematic, fun and reality lifestyles of the Brooklyn NYC based artist. Some may describe this sound like a new age old school sound, as such boom-bap and jazzy production isn't heard as much currently yet still appreciated. Though the project features production for audiences of all types to enjoy.
