"We are delivering ration and other necessities among about 500 needy people every day, with the blessings of Lord Mahavir Ji and with the help of his followers. The India lockdown to prevent the coronavirus has caused a lot of trouble for many people to eat daily. Daily laborers' and wagers' earnings have also been stopped due to the shutdown of work, due to which many do not even have money to buy a meal for themselves and their family. In such a situation, food and dry ration are being distributed to the poor and needy people of Sikandra assembly constituency in Bihar." said, Bunty Chaudhary.

Bunty Chaudhary has also set up a helpline to ensure that no person remains hungry. Anyone can call and get help on this helpline.

A Sikandra resident said that while the government has been unable to provide relief to all the families during the time of this epidemic, due to Bunty Chaudhary and Eternal Youth Institute, many families have been provided with ration and other essential materials.
