

She Thought She Got Away With Murder| BREAKING NEWS| A Simple Mistake

How Much Jail Time Is This Worth| NEWS| Guilty Verdict

Atlanta, Apr 14, 2020 (Issuewire.com) - Murder is a hard thing to contemplate. It is even harder to accomplish. At least to a non murderer. Wouldn't you agree? Most normal thinking people would also argue that there is no reason on this earth to take someone's life. They'd argue a life is simply not your creation to destroy.

For some reason, there is a thin line between sanity, and being crazed. A thin line between reality, and unreality. When those lines are crossed, sadly, most people can agree that they didn't even know that they were on the verge of snapping.

She didn't want to end up killing him, but she did. Who? Wait! We'll get to that. It's more important to me that you know exactly what happened before you know who did it.

He wasn't always a faithful man, but he loved her. Everyone around them could see that he loved her. There were a few things that he needed help with. One of those things were cheating on her. He didn't want to cheat, but it became more and more difficult to resist as they began having problems in their marriage.

Was it not enough that she killed her husband? Did she have to do what she did to the man he cheated on her with?

Julia Black killed her husband, after catching him cheating in their very own home. If you think that's bad you should see what she did to her husband's lover, Charles.

This is a page turning novel you don't want to miss out on. Let's just say if this were food, then, Cassandra A Burks would have put her foot into this novel.

You can pick up your copy in Barnes n Nobles. Simply go to the kiosk, and ask for an on demand print version of "Black Is Dead: A Killer Love".
