Quintana Roo, May 1, 2020 (Issuewire.com) - Original Group - Mexico's leading expert in adult hospitality - is bringing the **Temptation Cancun Resort** and **Desire Riviera Maya Resorts** experience to friends and couples who need a well-deserved virtual escape from reality. Both brands are bringing sexy back with adult-centric online content posted daily on Temptation's and Desire's social media accounts.

Much like Cancun's Playground for Grown-Ups, the virtual Temptation Experience features fun lively activities thrice-weekly including:

- Temptation Sexy Fitness classes every Monday at 12 p.m. EST with a rotating class schedule including live power Zumba, belly-dancing class, yoga sessions, pole dancing class and more;
- Irresistible Temptation-style Recipes with Chef Guido every Wednesday at 3 p.m. EST will feature live cooking and mixology classes.
- Temptation Live DJ @ Sunset every Friday at 6:50 p.m. will feature a different DJ playing a live set on the scenic SKY 3.5 rooftop deck overlooking the Mexican Caribbean sunset so everyone can have their party at home to the beat of Temptation's greatest hits.

Temptation's Playmakers amp up the energy so roommates, couples and online friends will appreciate impromptu quarantined house parties. Those getting through the quarantine home alone are especially welcome with open arms (virtually and 6-feet away, of course) to join the party! Temptation's engaging online community is the second-best place to meet other like-minded, free-spirited people. Throughout the week, users should follow Temptation's Instagram and Facebook stories to play a variety of sexy themed-games, and the hotel's own social media platform, [Temptation Social](#), will exclusively offer topless-optional activities.

The Desire Experience includes a variety of activities that are best enjoyed with a significant other, including:

- Desire Seductive Fitness classes every Monday at 12 p.m. EST with a rotating class schedule including live power Zumba, stretching, yoga sessions, pole dancing class and more;
- Delightful Recipes Desire-style with Chef Pablo Lázaro every Wednesday at 3 p.m. EST will feature live cooking and mixology classes
- Desire Resorts will also share weekly content aimed at reconnecting couples during the quarantine. Some examples are a sexy guide to erogenous zones, tips for better orgasms and the recommended sex position of the day.

Much like the resort, the virtual experience caters to couples. However, everyone is welcome to join and catch a glimpse of Desire's open-minded, sensually-adventurous community. Additionally, Desire's social media platform, [Desire Social](#), will exclusively offer sexually-charged activities, including clothing-optional challenges and games.
