

Uplers Launches Powerful Remote Workforce for Global Support

Uplers now provides the international dedicated remote workforce companies need to maintain productivity and goals—from a single, powerful outsourcing agency

San Diego, Apr 3, 2020 ([Issuewire.com](https://www.issuewire.com)) - [Uplers](#), a robust and internationally located outsourcing agency, announces the expansion of its powerful remote support resources with the launch of the 'Dedicated Teams' business model to assist clients worldwide. The new model expands the company's vision from services focused on a project-based market, to providing resources in a proven, even more highly effective Dedicated Teams model.

Powered by a diverse and highly capable talent pool of over 500 individual team members in the United States, Europe, Australia, and India (all equipped with the latest in state-of-the-art technology and hardware), Uplers is one of the largest outsourcing agencies worldwide, and was created to be an ideal resource for companies seeking effective and price-competitive remote support today. Trusted as one of the most successful and established outsourcing agencies worldwide, the Uplers outsourcing team supports such leading brands as Amazon, Disney, Facebook, and more. The launch of its new Dedicated Teams model now further enables Uplers to harness this talent pool even more effectively for clients across the globe.

"Especially in this current time of worldwide concern over the coronavirus pandemic, our hope at Uplers is that we can provide a tangible, immediate solution for companies all over the world who are seeking

the dedicated support they need to keep their businesses running smoothly,” comments **Jaymin Bhuptani**, CEO of Uplers. “Thanks to our smart and talented workforce, Uplers is uniquely poised to support projects almost anywhere, and our Dedicated Teams model will help companies to execute strategy and accomplish tasks more quickly and accurately than ever, and we’re delighted to share it with our clients.”

Through ‘Dedicated Teams,’ Uplers provides clients worldwide with a specially assembled, capable team dedicated to addressing priorities and meeting goals. The new model is flexible and effective—ideal both for large-scale companies, as well as for smaller companies needing additional specialized manpower on a budget. With Dedicated Teams, Uplers offers the skills, focus, attention and passion to ensure the successful completion of all tasks, and Uplers Project Managers maintain constant contact with clients on the team’s accomplishments and progress, giving clients the unique ability to look after the ‘big-picture’ aspects of their business while knowing that the outsourced Uplers team is always taking care of tasks, goals and projects on their behalf.

Dedicated Teams Advantages and Options

The advantages of the Uplers Dedicated Teams model are numerous, including fewer hiring hassles, immediate support for resource shortages (as in the current global pandemic), lowered risk and greater predictability of project outcomes, increased flexibility (scaling up or down at a moment’s notice), a potential reduction of annual operating costs, streamlined communication, and (most of all) the ability to hand over day-to-day tasks to a capable team so that the client’s own energies can be focused on core management tasks, instead.

Getting Dedicated Teams support from Uplers is easy, thanks to its army of specialized, knowledgeable in-house talent, with experts Uplers assembles into handpicked teams to support a rich variety of business needs. As a true one-stop-shop, Uplers’ teams and specialists are capable of providing support on such services as Digital Marketing, SEO, PPC, Email Marketing, Web Development (HTML, WordPress, HubSpot), Design (Graphics, UI/UX, Web), and, Salesforce, Marketo Automation. Uplers team members offer clients a formidable offshore talent pool and are specially recruited by Uplers for their advanced knowledge, expertise, and dedication.

Uplers’ Dedicated Teams model is live now and is already supporting clients in Australia, the United States, and the United Kingdom.
