

Victor Smushkevich- founder of Smart Street Media

Victor Smushkevich-SmartStreetMedia is a full-service digital marketing agency, first founded in 2013. The company specializes in key areas of the digital landscape such as SEO, lead generation, social media marketing and lead generation.

Los Angeles, Apr 2, 2020 ([Issuewire.com](https://www.issuewire.com)) - Victor Smushkevich is the CEO and Founder of Smart Street Media, the award-winning full-service digital agency. With an enduring passion for all things digital, Victor has worked in digital marketing for the last twelve years and developed significant expertise during this time. A forward-thinking professional always ready to take on a new challenge, he is adept at everything from search engine optimization to lead generation.

Managing more than \$30m in online advertising, through his efforts, clients have been able to generate more than \$100m in additional revenue. Since founding Smart Street Media in 2013, Victor has helped to drive the company towards greater and greater successes, with a mission to help clients develop stronger companies and reach their own ambitious goals. He has built a strong team around him, who are up to the task of keeping up with the fast pace at the company.

Among Victor's many achievements, he has secured more than a million phone calls for top clients in their respective industries, whilst also assisting Acorns in generating more than 600,000 mobile downloads and managing crucial Ad Words campaigns. With big plans for the future, Victor is a marketing business leader on the rise.
